Hifz (Memory) Cards

Directions: Cut out and fold on dotted line
to form separate English and Arabic sides.
The purpose of the cards is to aid in memorization of ayaat and ahadith as part of Islamic Studies, not for basic Quraan memorization as Quraanic memorization is probably at a faster rate and
perhaps making cards would slow down that process, Allahu ilm.
Use the cards to help memorize ayaah and ahadith and then review on a regular basis to preserve them in your memory, insha Allah.
Suggestion: Place cards in an index card box, or similar and cycle through them/review regularly--After the salah are excellent times, Allahu ilm.
